Online		2	11%
Onsite in person		16	84%
Online (selected sessions of interest)		1	5%
		19	100%
Q7. Any suggestions for future conference content?			
Mangagerial [sic] improvement is necessary			
Environmental and mental health impacts. Thanks for the oppportunity			
Great job - very enjoyable			
Emerging contaminants, engineering solutions to the plastic epidemic, management of healthcare waste			
Better participation and interaction would be feasible during onsite participation and presentation. For example, if the presentation is made on online, the presenter may not be able to see the response from the participants. Nowadays in many international conferences only physical participation has become mandatory.			
Would like to see a little more discussion following the presentation			
Tech support needs to be in place to handle Zoom, IT problems.
