other	3	8%
	38	

Responses

Heavy metals, pregnancy and outcome, and children

New pesticides and health outcomes

Nutrition and diet on environmental health

Additional feedback

How to attract more international partners and policy makers because the next step for good research is to be translated into policy and operated effectively with the participation of many different partners

No more virtual.

Great organization for overall. Suggestion for the next event: payment not put in the abstract submission, but in the last application.

Very interesting sessions. Excellent organisation
